

## Help Us Make History | Give More 24!

Hi all,

Have you dreamed of making history? Of course, we all have. And now we have a chance to be a part of Southwest Washington's day of giving - an opportunity to unite our community around causes in which we truly believe and help nonprofit organizations connect to the larger community.

We ask for your help to continue our **Student Garden Coordinator** program. This is an inter-generational educational program that pairs high school students with seniors from NatureScaping. During the plant and wildlife themed workshops followed by hands-on activities they exchange ideas, knowledge, skills and physical labor among other things. Time for reflection is built into the program and the students keep journals. The program provides experiences for youth around the importance of restoring and maintaining wildlife habitat. Adults share their knowledge, students share their energy and both share enthusiasm as they build relationships! The program provides a unique opportunity for both generations to see things from a different perspective; to appreciate each other and the environment and take away lifelong experiences.

We need your help! Please join our campaign. We need you to tell your friends and family members about the important work we do and ask them to join us in helping to make a difference.

Get ready to give! On September 19th, starting at 12AM on September 19, visit <https://www.givemore24.org> and make a donation to us and/or to any of the great participating nonprofit organizations in Southwest Washington. You will have 24 hours to make your donation, and all giving will end at 11:59PM on September 19.

Questions? If you have any questions or would like more information, let us know. [info@naturescaping.org](mailto:info@naturescaping.org) or 360/737-1160 Thank you in advance for your generosity to our organization!
