Wildlife Botanical Gardens

PO Box 763 Brush Prairie, WA 98606

August 19, 2017

10:00 a.m. to 12:00 p.m.

Lasagna Gardening Workshop

Presented by

Barb Rider & Lee Clapp,
Master Composter/Recyclers of Clark County

Join us and learn an easy, frugal and quick method of creating a raised garden bed you assemble from scratch with organic materials readily available. No tilling or turning required! Don't worry if your soil is clay, rock, sand, grass or weeds - this method goes right over the top of (just about) anything. The classroom portion will include the basics of how it works, what materials to gather and answer typical questions. We'll put our knowledge to work in the hands-on portion where you and your classmates will build and plant a lasagna garden bed in the Wildlife Botanical Gardens newest "Rain Garden".

**Class Location: CASEE Center, Building B, Room 205
11104 NE 149th Street, Brush Prairie, WA. 98606**

Day/Time: Saturday August 19, 2017 10:00 am-noon

**Fees: Naturescaping members free or \$15.00 for non-members.
Membership per year is \$20.00 (\$15.00) for seniors.**
