

# NatureScaping of SW Washington

Wildlife Botanical Gardens

PO Box 763 Brush Prairie, WA 98606

December 19, 2020

10:00 a.m. to 12:00 p.m.

## Evaluating and Implementing New Garden Strategies

Presented by

**Vanessa Gardner Nagel** FAPLD, NCIDQ

Nationally-Certified Designer, Author, Lecturer

When is the last time you heard anyone say, “Is your garden done yet?” As a gardener, you know that response too well – ‘never!’ This year, 2020, has been an especially difficult one for all of us, but I also lost my dear husband in the middle of the madness. My garden has been a solace, but big changes are coming! The upper garden will shrink by over half. Let me share with you some of the strategies I considered and those I am implementing, while I am forced to completely rethink how this area will respond to a new fence line with a possible house behind me. Maintenance, irrigation, plant durability, drought-tolerance, and creating privacy are all subjects on which I’ll touch.

We are again partnering with the Fort Vancouver Regional Library as hosts for this online class using Zoom. For registration please use the link below. The Zoom link will be sent to registrants **one hour** before the event begins so all attendees must be registered prior.
