Living Walls & Vertical Gardening

Presented by

Nicole Forbes, Events & Education Coordinator

Dennis' Seven Dees

Limited space for gardening or just want to try something new? Learn how easy and fun it is to work with drought tolerant or semi-epiphytic (air) plants to create a beautiful vertical garden. We will demonstrate several different styles of vertical gardening containers and discuss what makes the most successful plant combinations for long lasting beauty. Planting techniques and maintenance tips will also be discussed.
