The World of Wild Edibles

Presented by

Vione Graham, Master Gardener

The Pacific Northwest is full of wonderfully diverse and rich options for harvesting wild edibles. Just look out the door into your yard, take a walk in the neighborhood, the fields or into the woodlands and you will find such tasty and nutritious morsels! So fresh and FREE! Learn about the flowers, foliage, roots, berries and seeds we can harvest from so many terrific sources.

Time and weather permitting, we may venture outdoors, please dress appropriately.
