Wildlife Botanical Gardens

June 25, 2021

4:00 p.m.

Backyard Habitat for Urban Wildlife

Presented by

Brandon Burger, Backyard Bird Shop Vancouver

www.backyardbirdshop.com

What do wildlife need that those well-manicured yards can't provide? What can easily be done to begin turning a yard into habitat? These are the questions we hope to answer.

We will discuss the difference between monoculture yards and yards designed to provide habitat for the wildlife with whom we share our urban environment.

We are partnering again with the Camas Library as hosts for this online class using Zoom. For registration, please use the link below. Registration confirmations will be emailed along with the link to the class.
