Presented by

Want an herb garden but don't have a lot of room? Herbs can be great additions to any landscape, even an apartment balcony. We will share ideas on getting herbs into small spaces using a variety of containers or a current landscape. We'll consider different uses the herbs might have and some considerations for which herbs to plant for those uses. Come be inspired no matter the size of your growing space.

This will be an online class using Zoom. Please contact me at either of the email addresses below to register. Registration confirmations will be emailed along with the link to the class.
